CATEGORY 2: UNINHABITED SUBSPECIALITY SLOTS FOR NOC BASED INDUCTEES OF JULY 2020/JAN 2021

The PGMI regular residents who are on PGMI payroll and have completed two years pre-IMM General Medicine or General Surgery as specialty residents, who were inducted in July 2020 (on NOC based with commitment that they will do post-IMM in uninhabited sub-specialty) but for some technical reasons started training in Jan 2021 (List attached below) are directed to come to PGMI office in person or through a representative on **Saturday, 31st Dec 2022 at 2pm**. On arrival, please report to Mr. Shah Fahad at Conference Hall near PGMI library. The slots will be allotted to this group after considering left-over residents of Jan 2021 (regular) and left-over fresh applicants of session Jan 2023. Moreover, as per policy if a slot is vacant in some specialty, NOC is not acceptable in that specialty. It is further clarified that, who have submitted NOC, should also come for this interview as almost same number of slots are available as the number of applicants, if someone is absent and a popular slot is allotted to low merit resident and your NOC may not be acceptable due to a slot available in that specialty, then you will have no choice but to opt that less popular slot. Therefore, all the residents listed below are directed to come on above time and date.
