No. 2527/PS-CEO/PGMI.

Dated 13/3/2025.

NOTIFICATION.

Sub: Establishment of Monitoring & Evaluation Cell.

The undersigned is pleased to announce the establishment of the Monitoring & Evaluation Cell (M&EC) at PGMI Peshawar. This initiative aims to oversee and enhance the quality of postgraduate residency programs across all medical disciplines throughout Khyber Pakhtunkhwa.

As part of this effort, all residents enrolled with PGMI Peshawar will receive a feedback form via the official PGMI email. This form is designed to evaluate various aspects of your training experience. Your honest and constructive feedback is invaluable to us, which will assist in identifying areas that require improvement, ultimately leading to better training outcomes and the continuous advancement of our programs.

PGMI Peshawar encourages all residents to participate actively in this feedback process. Your insights are crucial in helping us uphold PGMI's commitment to excellence in medical education and patient care.

Thank you for your cooperation and dedication.

Prof. Dr. Mohammad Noor
Chief Executive Officer
Postgraduate Medical Institute
Hayatabad Peshawar
