Please come with your own laptop & report to Mr. Junaid at IT section. **After 2pm, no applicant will be entertained.** Those who have submitted the preferences, will not be entertained.
All those applicants who fail to submit their preferences on Portal before closing, will be excluded from the Slot allocation process.

IMPORTANT STEPS IN SUBMITTING THE PREFERENCES:

Slot allocation will be made through software. Please login to your PGMI MIS account, carefully fill the portal for preferences and lock your preferences before closing date. Once preferences are submitted it's not possible to re-open it for any change.

Please put your preference number against all slot as per your choice and put zero (0) against the slot/slots you don't want to opt.

In **Medicine & Allied fields**, the allocation process follows a three-step procedure. In the first step, you will choose between General Medicine or a Specialty. In the second step, those allocated to a Specialty will be given **Group A or B** as per their choices, merit and available slot. In the third step, you will choose a sub-specialty within your designated group. Similarly, in **Surgery & Allied fields**, a three-step allocation process is followed. In the first step, you will decide between General Surgery or a Specialty. In the second step, those selected for a Specialty will be given **Group A, B, or C** as per their choices, merit and available slot. In the third step, you will select a sub-specialty within your group. The first two steps will be carried out now, while the third step will be completed after you have finished **two years** of pre-IMM training. For those in Group C (Orthopedic & Neurosurgery), the third step will be completed after **one year** of training. To clarify further, in the first step, you will be allocated to either a general or specialty unit based on your preferences and merit.

For example, you may indicate preferences such as General Unit A at HMC as preference 1, General Unit B at KTH as preference 2, Specialty Unit B at HMC as preference 3, and so on. . If you get the specialty then you will be allotted group based on your preferences, the available slots, and your merit.

3. APPLICANTS WITH MORE THAN ONE PART-I (DOUBLE FORM): A few applicants have submitted two forms in different specialties. Their merit in both specialties is uploaded and now they are directed to choose one and surrender the other. For this purpose, they can send a message from their registered number to PGMI helpline (WhatsApp number 03495616101) with clear message about surrender of one application. When the portal for preferences/choices will be opened, they should give preferences for one application/specialty. If they don't surrender one application, software either open portal for anyone application randomly or block their both applications. Be aware, if you get slot allocated in both specialties, both slots will stand cancelled. (See update-V on website)
4. APPLICANTS INTEND TO JOIN SUB-SPECIALTY: (This is not for those who are already doing pre-IMM training with PGMI as regular PG residents) The applicants who have completed pre-IMM training as specialty resident (Group A or B in Medicine & Allied or Surgery & allied) and now want to join sub-specialty for post-IMM three years training with PGMI Peshawar OR those who have already started sub-specialty training and want to join PGMI for remaining period of training, are **directed NOT to fill this portal for preferences**. The sub- specialty slots are not visible in the portal.

They are directed to come to PGMI once announced on website. The available slots will be uploaded on PGMI web site a day before. Please check website on daily basis.

5. NOC BASED INDUCTION: Those who intend to opt **NOC Based Induction** are directed to read induction policy carefully and follow it exactly.
